## refresh_token

| refresh_token_id | serial |
| --- | --- |
| token | varchar |
| expire_date | timestamp |
| users_id | integer |
| update_date | timestamp |
| create_date | timestamp |

## access_token

| access_token_id | serial |
| --- | --- |
| token | varchar |
| expire_date | timestamp |
| users_id | integer |
| update_date | timestamp |
| create_date | timestamp |

## users

| users_id | serial |
| --- | --- |
| title | varchar |
| first_name | varchar |
| last_name | varchar |
| username | varchar |
| password | varchar |
| nickname | varchar |
| dob | date |
| mobileno | varchar |
| active | varchar |
| gender | varchar |
| last_login | timestamp |
| update_date | timestamp |
| update_by | integer |
| create_date | timestamp |
| create_by | integer |

## orders

| order_id | serial |
| --- | --- |
| order_code | varchar |
| product_id | integer |
| product_name | varchar |
| qty | integer |
| total_price | float |
| status | varchar |
| update_date | timestamp |
| update_by | integer |
| create_date | timestamp |
| create_by | integer |

## product

| product_id | serial |
| --- | --- |
| name | varchar |
| price | float |
| detail | varchar |
| update_date | timestamp |
| update_by | integer |
| create_date | timestamp |
| create_by | integer |

**refresh_token**

| refresh_token_id | serial |
|---|---|
| token | varchar |
| expire_date | timestamp |
| users_id | integer |
| update_date | timestamp |
| create_date | timestamp |

**access_token**

| access_token_id | serial |
|---|---|
| token | varchar |
| expire_date | timestamp |
| users_id | integer |
| update_date | timestamp |
| create_date | timestamp |

**users**

| users_id | serial |
|---|---|
| title | varchar |
| first_name | varchar |
| last_name | varchar |
| username | varchar |
| password | varchar |
| nickname | varchar |
| dob | date |
| mobileno | varchar |
| active | varchar |
| gender | varchar |
| last_login | timestamp |
| update_date | timestamp |
| update_by | integer |
| create_date | timestamp |
| create_by | integer |

**orders**

| order_id | serial |
|---|---|
| order_code | varchar |
| product_id | integer |
| product_name | varchar |
| qty | integer |
| total_price | float |
| status | varchar |
| update_date | timestamp |
| update_by | integer |
| create_date | timestamp |
| create_by | integer |

**product**

| product_id | serial |
|---|---|
| name | varchar |
| price | float |
| detail | varchar |
| update_date | timestamp |
| update_by | integer |
| create_date | timestamp |
| create_by | integer |
